A brief history of Oliver's...

In 1986 we moved here from lower Cheap Street on the demise of the famous Mould & Edwards who had occupied the building since 1884, firstly as a pork butchers, then later as a general provisions merchants.

The teak framed shop front and tiled interior date from 1927 and are reminiscent of the early Sainsbury's. Luckily much of the attractive period detailing was retained during the conversion which now further enhances the appeal of this local institution.

Today we source as much as possible locally. Our coffee is roasted by Reads of Sherborne, less than a mile from here. Our eggs are laid in Milborne Port, our cheese is made in Somerset, our ham and bacon come from local butchers and all our cakes and quiches are homemade here.
